EXPERIENCE

1. Intern (2019 - 2022)

TASTYSOFT Software Co.,LTD

- After we had learned about basic programming and some frameworks with the guidance of Seniors, we made the training projects. The list of applications that I have experienced is as follows.

1. Doctor Link (Mobile) (2021/05 - 2022/05)

DL's mission is to create an environment where hospitals, clinics, and doctors can connect and share job information.

2. Junior Developer (2022/06 - 2022/09)

TASTYSOFT Software Co.,LTD

- Developed multiple mobile applications for both Android and IOS using Flutter. The list of mobile applications that I have experienced is as follows.

1. Connect GRX (2022/06 - 2022/06)

Connect GRX is intended for professional taxi drivers.

2. Connect 365 (2022/07 - 2022/09)

Connect 365 is a multipurpose mobile application for time tracking, collaboration, productivity, and e-learning for employees, members, and organizations.

3. Web-Developer (2022/10 - 2023/02)

Unity Power

- I have developed multiple web applications using Vue.js. Some of the web applications that I have worked on are as follows.

1. Ping

For testing domain connectivity and responsiveness.

2. Unity Payment Gateway

Making payments with USDT.

4. Full-Stack Developer (2023/05 - 2024/02)

Varoon Valley

- I have developed multiple web applications using React and Laravel. Some of the web applications that I have worked on are as follows.

1. Varoon Valley Company Portfolio

<https://varoonvalley.com/>

2. Omni Zae

A system that includes both POS and E-commerce.
