Aung Phyo Thant
Full-stack Developer

Experience

Varoon Valley Ltd, Full-stack Developer (May 2023 - May 2024)
- Developed multiple web applications using React with TypeScript for the front-end and Laravel 10 for the back-end.
- Collaborated with a strong team to develop applications from the ground up, including project research, planning, database design, and user interface design.
- Notable projects include:
  - **Varoon Valley:** The company's portfolio site showcasing its services.
  - **OMNI Zae:** A POS system designed to streamline retail operations.
  - **Bee Coding AI Training:** We trained the AI to respond to user prompts with greater accuracy, conciseness, correct grammar, etc.

Unity Power Technology Co,.Ltd, Front-end Developer (Sep 2022 - Feb 2023)
- Primarily focused on developing web applications using Vue.js and vanilla JavaScript.
- Developed maintainable and responsive designs, ensuring seamless user experiences with guidance from skilled senior developers.
- Collaborated with team leaders and designers to determine project scope and requirements.

Tastysoft Software Co.,Ltd, Junior Frontend-developer (May 2022 - Sep 2022)
- Developed multiple mobile applications for both Android and iOS using Flutter.
- Attended daily meetings at 09:00 AM to discuss workflows and receive guidance from the senior developer for task allocation.
- Gained experience in:
  - **Doctor Link:** Facilitated connections and job information sharing among hospitals, clinics, and doctors.
  - **Connect GRX:** Designed for professional taxi drivers.

Tastysoft Software Co,.Ltd, Apprenticeship (Aug 2019 - May 2022)
- Basic programming with java.
- Fundamental web development with HTML, CSS, JavaScript, and Bootstrap.
- Self-studied mobile app development with Dart and Flutter.

Profile
I am a dedicated full-stack developer with a unique background in professional programming. Trained by the **Mogok Foundation** and **Tastysoft Software Co,.LTD** from August 2019 to May 2022, I have developed a strong foundation in both front-end and back-end development. Despite not having a formal IT degree, my hands-on experience and passion for coding have equipped me with the skills needed to create efficient and user-friendly applications.

Skills
Focus On: React, Laravel, MySQL, ChakraUI, JavaScript
Familiar With: Vue, node.js, Git, TypeScript,

Education
- Mandalay University of Distance Education — English Major (2nd year),
- Mogok Foundation + Tastysoft Software Co,.LTD — Professional Programming Class
